key ingredients :

Our unique combination of key ingredients has been selected specifically to protect your hair in our harsh Australian climate.

NATIVE AUSTRALIAN ORCHIDS : (Dendrobium phalaenopsis)

Increases condition, moisture and shine. Orchids are highly prized amongst many cultures and have been used for centuries as a hair and skin conditioner and moisturiser. Taken from the flower of the orchid this extract has been known to be used to reduce the appearance of fine lines and wrinkles. Its anti-oxidant and humectant properties moisturise, soothe and condition skin and hair enabling a healthy scalp.

NATIVE AUSTRALIAN CEHAMI EXTRACT : Protects from UV light with a natural SPF 20.

CAFFEINE AND GUARANA :

Help strengthen and protect with their naturally low pH and anti-oxidant properties.

LIGHT ILLUMINATORS :

Are utilised to work much like an opal with the 'play of light' enhancing the spectrum of colours.

CACAO BEAN EXTRACT (COCOA):

Soothes the senses and aids relaxation, increases elasticity and provides anti-oxidant properties to help prevent further damage.

COCONUT OIL :

A natural wonder that softens, smooths and helps repair dry, damaged hair strands by penetrating beyond the hair's surface, working from the inside out.

me&my : THE CONCEPT

This is me, Sara, mum of 2 girls & 2 fur-babies. I like to think I'm pretty normal, albeit with a hair obsession, and I wanted to share my passion with you and in doing so created ME&MY! In 1997 my hair care story began with my first position working in the hair industry. With a desire for knowledge I worked my way through the ranks of 2 major salon professional brands and developed a love for product creation.

After having my second child and coming to terms with 'mum life' I knew my focus had to be on designing products that were beautiful, affordable, did what they said but that were also made with honesty, integrity and ethics

– everything I would want in a product I was buying. Being raised in Brisbane and now living in Redlands (Queensland, Australia), I have a strong Australian focus and support other local businesses wherever possible.

A desire for a gorgeous hair care product that is all mine and just for “me” was the beginning of this amazing journey. The problem was that we want equally gorgeous products for those precious others – the “my’s” – in our lives (my partner, my children, my mum etc). And so, the “me&my” concept was born with the launch of Silky Soul, a range of products designed to immerse your hair’s heart and soul in the fragrant, soothing oasis and luxury of orchids.

By taking our inspiration from the natural beauty that surrounds us in Australia “me&my” have created products that include precious elements such as Native Australian Orchid (Dendrobium Phalaenopsis), Cehami, Caffeine, Guarana and light illuminators (which work just like Opals) to provide ultimate condition, shine and luminosity. These untapped wonders combined with a completely Australian owned and made product form part of the “me&my” core beliefs.

“me&my” strongly believes everyone should be able to afford a quality salon product to enhance their natural (and cosmetic) beauty – because we all feel like a little boost every now and then.

We love feedback of all kinds (the good kind makes us smile and the bad kind just helps us improve), so don't be shy about letting us know what you think.
